

MISSISSIPPI BOARD OF **BARBER EXAMINERS**

USE OF MANIKIN(S) DURING PRACTICAL EXAMINATION ON FEMALES

REQUIREMENTS

Students opting to use manikin(s) for female practical examination would be required to bring to the test site two (2) manikins and (1) tripod.

1. One manikin with hair no longer than 6 inches would be used for chemical services. The hair color would be performed in the right back quadrant and the permanent wave would be performed in the left front quadrant.
2. The second manikin with hair should be no longer than 10 inches and no shorter than 7 inches. This manikin would be used for the haircut and electrical skills. Students will be required to do a blended hair cut removing no less than one inch of hair.

NOTE: Students are not allowed to sweep up hair until the examination evaluator has checked their hair cut. After completing the haircut, the student will then do their blow dry followed by curling / flat iron.
